

Brief Information

Al-Amien Islamic Boarding School

BERDIRI DI ATAS
UNTUK SEMUA GOLONGAN

Gathering with IKBAL via Kiai Council Safari

For al amien prenduan Islamic boarding school, Islamic boarding school education does not only apply to those who are active santri and live in the boarding school. However, this also applies to those who have become alumni who have been alumni for decades. Because basically as the Alm. KH. Idris Djauhari said, "Wherever you are, you are students." So even though they have become alumni, it does not close the fact that those who have studied are students of the Al-Amien Prenduan Islamic Boarding School.

Therefore, Al-Amien Prenduan Islamic Boarding School continues to strive to paying full attention to its alumni, in order to monitor the development, activities and roles of alumni in society. One of the activities related to this matter is the annual safari and friendship conducted by the Council of Kiai in IKBAL (Al-Amien Prenduan Family Association).

This year, there are not many places that can be visited by the Kiai Council due to circumstances that are not possible. Some IKBAL cords that can be visited by the Kiai Council this year are only around Madura, Tapal Kuda, East Java and Bali. Among them was IKBAL Korda Sumenep on Saturday, October 31, 2020. The visit consisted of KH. Dr. Ahmad Fauzi Tidjani, MA., As the head of the boarding school, KH. Dr. Ghazi Mubarak Idris, MA., And KH. Ach. Fauzi Rasul, Lc.

The next visit was at IKBAL Korda Sampang on November 1, 2020, consisting of KH. Dr. Ahmad Fauzi Tidjani, MA. and KH. Dr. Ghazi Mubarak Idris, MA. IKBAL cord Bondowoso, Banyuwangi and Bali on 06-08 November 2020 by KH. Dr. Ahmad Fauzi Tidjani, MA. And accompanied by H. Harun Ar-Rosyid as the Head of the Alumni Bureau and KH. Bakri Sholihin as chair-

man of the Al-Amien Prenduan Foundation. IKBAL cord Bangkalan 15 November 2020 by KH. Dr. Ghazi Mubarak Idris, MA., And KH. Halimi Sufyan, S.Pd.I. And the last visit was IBAL cord Pamekasan which was attended by the entire Kiai Council, KH. Dr. Ahmad Fauzi Tidjani, MA., KH. Dr. Ghazi Mubarak Idris, MA., (Alm) KH. Moh. Zainullah Rois, Lc., KH. Moh. Khoiri Husni, S.Pd.I., KH. Ach. Fauzi Rasul, Lc., And KH. Halimi Sufyan, S.Pd.I.

The visit was not only filled with religious lectures attended by alumni, santri guardians and sympathizers. Among the agendas of the visit activities, the Islamic boarding school councils also took the time to visit the alumni fostered Islamic boarding school.

By carrying out the safari by the kiai and Islamic boarding school councils, it is hoped that communication, friendship and friendship between the alumni and the alma mater will be strong and strong. In order to be able to realize the ideals of the Islamic boarding school lil Izzil Islam wal Muslimin.

KIAI COUNCIL STRUCTURE

1. KH. Ahmad Fauzi Tidjani, MA. as Chairman of the Kiai Council as well as Head and Principle of the Al-Amien Prenduan Islamic Boarding School
2. KH. Ghazi Mubarak Idris, MA. as vice chairman as well as Head and Guardians of Ma'had TMI.
3. KH. Moh. Khoiri Husni, S.Pd.I. as treasurer and administrator of Ma'had Tahfidh Al-Quran.
4. KH. Ach. Fauzi Rasul, Lc. as a member and carer of Ma'had Salafy.
5. KH. Halimi Sufyan, S.Pd.I. as a member and administrator of Putri I.

Top Partner of the Kiai Council, Top Guardian of All Student

In the history of Islam, Muslim women have played a very significant role. Many of them have succeeded in becoming activists in the fields of da'wah, education, social society, intellectuals, and leadership for their own people. As educators, Muslim women are also an invaluable asset. They can do

Girl Guardians Board

many things that male educators cannot do, especially in matters relating to aspects of women's affairs. So there is absolutely no reason not to involve women in educational activities at Islamic boarding schools.

■ Girl Guardians Board

As an educational institution that also manages female Islamic boarding schools, Al-Amien Prenduan Islamic Boarding School is fully aware of the above. Because of that, a female caregiver council (*Majelis Tarbiyah al-Banat*) was formed which in general was tasked with determining the outline of policies for female student education, exercising control over all-female institutions, becoming top figures and role models for student in behavior, and educating human resources. who have high morals in accordance with the guidance of Islam.

Majelis Tarbiyah al-Banat (Council of Women's Caregivers) is a female board that is structurally and functionally a working partner for the Kiai Council or the Makeup Council at the Al-Amien Prenduan Islamic Boarding School. Its main function is to outline the moral policies of female students, exercise control over all-female institutions, to become top figures and role models for student behavior.

In addition to carrying out the task of nurturing and leadership, it is also trying to provide feminine education (*tarbiyah nasawiyah*), moral values, and character to teachers and students in general. With the hope of being born ideal *Muslimah* figures (*sholiha, qanitah, and hafidhah*). In addition to the functional duties above, the caregivers of the daughter to her students are like the "mother" of her children. This typology of social in-

teraction in the pesantren, which is like parents and children, calls for a "mother for the students".

It cannot be denied that women's leadership has a very strong influence on the educational process of women. Because emotionally the Nyais are part of the community. Able to dive in and feel what the students want. The contribution made by Nyai as a woman in the leadership of the pesantren is so great, especially the existence of a communication style and organization that provides strength in education, nurturing, and leadership patterns to achieve smart, character, and pious santri. The management structure of the Women's Care Council consists of Nyai within the Al-Amien Prenduan Islamic Boarding School with the following formations:

1. Mrs. Hj. Faizah Abdul Khaliq, As Elder.
Mrs. Hj. Faryalah Rasyidi, As an Elder.
2. Dra. Mrs. Hj. Anisah Fatimah Zarkasyi, as Chairwoman.
3. Mrs. Hj. Zahrotul Wardah, BA. As Deputy Chairwoman.
4. Mrs. Hj. Nurjalilah Dimyathi, Lc. As a Member.
5. Mrs. Hj. Halimatussa'diyah A. Badar, As Member.
6. Mrs. Hj. Mamnunah Abdur Rahim, As Member.
7. Mrs. Hj. Kinanah Syubli, As Member.
8. Mrs. Hj. Fadhliyah, as a member.

■ A'wan Council

Strengthen pupils regenerations of boarding schools through education and training

It is the most important factor in an organization. Every organization will do its utmost to produce a cadre successor as a container of dream, vision, and mission must be upholding highly.

Like al amien prenduan boarding school institute for education is critical to continually creating a cadence to follow the progress of ideals consistent with the principles of the al amien boarding school to hold patah tumbuh hilang berganti philosophy.

Thus it is in this domain that the A 'Wan council has then established as a container of cadres successor who will later struggle to escort the kiai in the education process and to become a cadres of al amien boarding school boarding. Also they are expected to be able to inherit the high values of propriety and understand true vision And mission of al-amien

prenduan boarding school.

In addition, the a'wan council has the role of overseer, a mediator and consultant for the administrators of the al-amien prenduan, and has an active role in education as leaders, teacher and administrators in institutions that are Under the protection of the al-amien prenduan foundation.

Throughout the year, the a'wan council has continued to implement improvements in personnel, structural or division of labor. Throughout this year, Majelis A'wan continued to make improvements in the development of human resources, be it personnel, structural, or work division. As one form of this improvement, those who are members of the assemblies of a'wan are given work facilities such as official housing, training, and completing higher education levels.

Such policies, it is hoped, will be able to deliver to cabin cadres to gain as much experience as possible from the opportunity to further education and to the training of proficiency and skill in order to act as a lodge cadre and be able to perform significant, integrated, and degenerative tasks. The following are the names of the members of Majelis A'wan:

1. KH. Fadli Fatrah, S.Sos.I., as chief of the Al-Amien Prenduan Supervisory Agency.
2. Drs. KH. Abu Shiri Sholehuddin, as the Central Coordinator of IKBAL.
3. KH. Moh. Fikri Husein, MA. as Director of IDIA Prenduan for Girls.
4. Drs. KH. Abdurrahman As'ad, as Director of the Al-Amien Prenduan Islamic Hospital Foundation.
5. KH. Ach. Shobri Shiddiq, S.Pd.I, as a member of the Supervisory Agency.
6. KH. Mujammi 'Abdul Musyfi, Lc. as Director of IDIA Prenduan for Boys.
7. KH. Moh. Bakri Sholihin, S.Pd.I. as Chief of the Al-Amien Prenduan Foundation.
8. Drs. K. Suyono Khottob, as Director of TMI Al-Amien Prenduan for Girls.
9. K. Abdul Warits, S.Pd.I., as Director of TMI Al-Amien Prenduan for Boys.
10. KH. Bastami Tiban, M.Pd.I., as Chief of the Da'wah Bureau.
11. KH. Syaifuddin Kudsi, MA. As Headmaster of Senior High School a Boarding School for Girls 1 Al-Amien Prenduan.
12. KH. Muhajiri Musyhab, as Head of Tegal Al-Amien Prenduan.
13. K. Bagus Amirullah Kholiq, M.Sy. as Chief of the General Administration and Finance Bureau of IDIA Prenduan.
14. KH. Ridho Sudianto, M. Sy. As Vice Rector III of IDIA Prenduan and General Manager of Mutiara Alpen Travel.
15. Dr. KH. Muhtadi Abdul Mun'im, MA. as Rector of IDIA Prenduan.
16. Dr. KH. Holilur Rohman, M.H.I. As Dean of the Faculty of Economics and Islamic Business, IDIA Prenduan.
17. KH. A. Tijani Syadzili, Lc. as Director TMI Al-Amien Prenduan.
18. KH. Junaidi Rosyidi, S.Pd.I as Director Ma'had Tahfidz Al-Qur'an Al-Amien Prenduan.
19. KH. Nuruddin, M.Si. as Director of Ma'had Tahfidz Al-Qur'an Al-Amien Prenduan for Girls.
20. Ust. H. Hasbullah Bisri, S.Sos.I. as Director of Ma'had Tahfidz Al-Qur'an Al-Amien Prenduan for Boys.
21. K. Abd. Wahid Al-Makki, M.H.I
22. Dr. H. Mohammad Fattah Syamsuddin, MA. as Dean of the Faculty of Da'wah at the IDIA Prenduan and the Director of Islamic Studies Center.
23. Ust. H. Fahmi Yunus, M.Ud, as Vice Chief of the Al-Amien Prenduan Foundation.

Al-Amien Prenduan Foundation Establish an Overseas Division to Build an International Network

The high interest of foreigners in housing their children in institutions under the auspices of the Al-Amien Prenduan Foundation has made the Al-Amien Prenduan Foundation (YAP) even more active in improving the quality of its service to education services. This was based on a decision at the board meeting of the Al-Amien Prenduan Foundation, one of the Bureaus of the Al-Amien Prenduan Foundation, namely the Education and Culture Bureau to form an overseas division.

In addition to the selection of new students, this division also has an interest in helping alumni to continue their studies abroad by collaborating with alumni who are continuing their studies abroad and are members of the International Al-Amien Prenduan Family Association (IKBAL). Later alumni who continue their studies in the destination country can provide consultation assistance and guidance as needed.

This new division must have duties that are overseas. First, the recruitment of foreign students and students involving the Al-Amien Prenduan Family Association (IKBAL) which is well known in various countries in the world. Exercise the shelter persona of the Al-Amien Prenduan Foundation. Third, help with administrative arrangements for students and foreign students who will continue their studies at the Al-Amien Prenduan Islamic Boarding School, fourth, services and information for alumni of the Al-Amien Islamic Boarding School who will continue

their studies abroad or who will take part in the international student exchange program.

Featured Program

1. Providing information about potential scholarships for students, and lecturers who continue their education
2. Collaboration that is manifested as a follow-up to and outputs from the previously implemented MoU, such as; International Seminar, Halaqah, Lecturer Capacity Building (Sandwich Program), Postdoctoral etc.

Program Strategy

Build a wider and closer network with government agencies and non-governmental organizations or non-governmental organizations (NGOs) in developing and advancing education.

As the Head of the Foreign Affairs Division, Dr. KH. Holilur Rahman hopes that all elements of the boarding school, students, guardians of students, alumni, sympathizers and cottage functionaries can combine to support the performance of this division.

“Hoping for the potential of the alumni and functionaries of Al-Amien Prenduan to participate in providing information and opportunities to open more productive networks,” he said. “Hoping for the potential of the alumni and functionaries of Al-Amien Prenduan to participate in providing information and opportunities to open more productive networks,” he said.

Standing Above and For All Group

Held *Maulidur Rasul* as The Commemorative Title of a Revival of the Prophet's Sunnah Muhammad SAW

Al-amien. the 20th anniversary of the prophet (peace and blessings be upon him) the 20th anniversary of the (2003) robiul awwal 1442 h /06, 2020) represents Habib Muhammad Ridho from Malang. in the previous year Habib Muhammad Ridho, BSA had also come to the Al amien Prenduan boarding school in filling out the same program which included the maulid prophet's Muhammad SAW celebration.

In his advise that habib muhammad ridho wished to the entire pupils pf al amien boarding school in order to be able to revive the prophet Muhammad (peace and blessings be upon him) in daily life

"While this month is maulid, I will shed more light on the one thing that makes the prophet muhammad happier than a servant reading prayers to the prophet, which is Revived the prophet muhammad (peace and blessings be upon him) for life and always be done regularly," said habib muhammad ridho, BSA.

Then he continued his explanation of the amalan or sunnah which was favorable to him," sunnah is the

most easy to do and which you know that sunnah puts the left foot on the left foot but goes right in and continues the right foot into the slipper, then the left foot can go in, that's the sunnah that's the easiest to do," he said

"Furthermore the most easy thing to do, is to wash hands, wash these hands is an easy job, then continue by reading prayers, and start eating with three fingers, then as we know the prophet muhammad ate a lot with three fingers, now if you do the sunnah at the beginning of the job then your job will be recorded as sunnah" Further habib muhammad ridho.

Not ply that, the hold of maulid the prophet muhammad (peace and blessings be upon him) Returning to the whole pupils to always praise and strengthen their love for the prophet muhammad (peace and blessings be upon him), strengthen the love of his prophet (prophet), and also as a closer effort to god.

Empowerment Synergy Islamic Boarding School Economics

Al-Amien. the 20th anniversary of the prophet (peace and blessings be upon him) the 20th anniversary of the (2003) robiul awwal 1442 h /06, 2020) represents Habib Muhammad Ridho from Malang. in the previous year Habib Muhammad Ridho, BSA had also come to the Al amien Prenduan boarding school in filling out the same program which included the maulid prophet's Muhammad SAW celebration.

Excaving The Science Craft in Djauhari World

The success of boarding school education in preserving scientific treasures cannot be separated from the role of the Kiai. The kiai may return to the presence of Allah SWT, but the scientific treasure that has been taught will remain imprinted in each of his students, especially when they are involved in society. These scientific treasures will always be the eternal holdings that are not lost due to the passage of era and time. The valuable concepts that are left by the kiai and inherited by their students should become the main guideline and guidance, especially in understanding the meaning of life, especially as an educator. Exploring scientific treasures in Islamic boarding school can make students and alumni able to prove the quality of their dedication to the people, nation and country. At Al-Amien Prenduan Islamic Boarding School, the concept of boarding school has been packaged in such a way as to embody the principles of Perfect Faith, Broad Knowledge and True Charity. The combinations of these three basic principles have been outlined in several writing creation, especially al-Marhumin's creation that focus on the concept of ideal education. So the Islamic Studies Center, which is under the shade of the Al-Amien Prenduan Foundation (YAP), made a breakthrough to explore this valuable treasure and heritage. One of the efforts that have been taken is to perpetuate the creations of the masyayikhs, teachers, alumni and students through the placement of a display room for the creations located at the Al-Amien Prenduan Foundation Office. The following are the creations of

al-Maghfur, KH. Mohammad Tidjani Djauhari, MA, on Education for Islamic revival, Perfect Life by Prayers and Dzikir, Spreading Islam Hacking the Aral of Da'wah. He contributed to his homeland by presenting a book entitled: Building Madura. The creations of al-Maghfur lahu KH. Muhammad Idris are also very numerous, especially in Islamic boarding school education which is characteristic of mu'allimien on the basis of competence, teaching material books, operational guidelines/technical guidelines for program implementation and others. The creation of alMaghfur lahu KH.Drs. Abbasi Fadhil on Educational Administration is still the main teaching material in Tarbiyatul Mu'allimin al-Islamiyah. The desire to explore scientific treasures in Djauhari world will be the superior program of PUSDILAM, in addition to its other main programs and work, it remains a priority to be carried out properly during this school year.

In general, PUSDILAM has the following divisions: research division, research division, human resource development division, publication division, and library division. These divisions are expected to be able to realize PUSDILAM's long-term plan, which is to make Al-Amien Prenduan Islamic Boarding School as the center of Islamic education. The main work and program priorities carried out in this period were to explore all the creations of the masyayikh, the founder and developer of this boarding school. More than that, PUSDILAM accommodates all written creations of the residents of

Networking Relationships Through coordination with Al-Amien Prenduan Family Association.

The Alumnus and Cadre Education Bureau, which is under the auspices of the Al-Amien Prenduan Foundation, functions as the person in charge of implementing alumni coaching and preparing productive and quality cadres of the boarding school. Trying to always strive to develop and improve the capacity of human resources and the loyalty of alumni is an important task that this Bureau cannot underestimate. This is done as a form of preparation for the cadres of the Pondok cadres today and in the future.

Because it has become *sunnatullah*, fractures grow and disappear, then like it or not, and indeed it must be, the Al-Amien Prenduan Islamic Boarding School from an early age carried out various strong strategies to back up the existence and credibility of the lodge during society as a form of media Islamic education and preaching.

For this year, the alumni bureau has several annual work programs including the distribution of teacher service assignments, coordination between IKBALs, and collaborating with education bureaus and PSB ma'ahid administrators in broadcasting the Al-Amien Prenduan Islamic Boarding School through the Al-Amien Prenduan Family Association.

Therefore, so that this bureau can play a good and consistent role in carrying out its duties, several coordination divisions are tasked with helping the smooth running of its duties, namely; Division of the Al-Amien Prenduan Family Association, the Division of Special Cadre Development and the Division of Fostering Task Teachers who have their respective functions and roles in the community.

AL-AMIEN PRENDUAN Family Association Division

IKBAL is a division in the form of an association that is under the auspices of the Alumni and Regeneration Bureau at the AL-AMIEN PRENDUAN Foundation. This division synergizes alumni during society.

Bureau of Alumni and Regeneration is a bureau that is responsible for the programs launched by IKBAL. Besides, this bureau functions as a daily person in charge of preparing successor cadres. Like the other three Islamic boarding schools programs, this program receives enormous priority and attention because it involves the continuation of the AL-AMIEN PRENDUAN Islamic Boarding School in the future. Of course for that, serious, selective, and systematic work is needed, so that cadres who are strong, proportional, and professional in their fields are obtained.

Special Cadre Development Division

There are two types of cadres prepared by the Al-Amien Prenduan Islamic Boarding School, the first is general cadres in the form of Khairu ummah (qualified human resources), and the second is special cadres who are deliberately prepared to continue the struggle relay for the founders of the boarding school. Not just embodying the adage "broken growth, lost replace", but must "grow before breaking".

Assignment Teacher Development Division

Of the 6 existing educational institutions, 2 of them require all alumni to serve for 1 year, namely TMI and IDIA Prenduan (Intensive Program). This mandatory service is not only carried out in Al-Amien's institutions, but also in other educational institutions that are in need. Due to the limited number of existing alumni, of the 252 requests for assignment teachers who entered, only 205 educational institutions were sent assignment teachers this year. Educational institutions applying for this assignment of teachers come from almost all provinces in Indonesia. The following is data on teachers who served in educational institutions outside of Al-Amien Prenduan.

Al-Amien Prenduan Islamic Hospital Public Health Service Institutions

Several years ago the Islamic hospital foundation of al-amien experienced a target delay operation is due to some of the obstacles behind it, not to mention The completion of the building overlay, as well as the unmet means and infrastructure of the fleet, Ambulances, beds, and other medical equipment. It makes the Al amien prenudan islmic hospital (RSI) has had a setback in order to operate.

As in previous years, it was a major factor in the delay of such tardiness that small amounts of money could be used. Thanks to day at the “ Al amien prenudan islmic hospital “ In the side of building of the alamien prenduan hospital, there has been a growth among them since November 20th 2019 Al amien prenudan Islamic hospital has served the general public through medical programs including inpatient and outpatient.

Patients come from various areas outside of the Pragaan district, including, from the islands And around sumenep city. Alhamdulillah slowly the societies have made use Islamic hospital services. This was because of the active support of various parties, such as the sumenep health administration, which encouraged immediate use of the available tools as

a trial hospital. With the status of backups at the al-amien prenduan clinic.

Besides serving the community through outpatient and inpatient service, RSIA also held a free ultrasound service. Free treatment and free health counseling.

With RSIA operating as a backup for the clinic, much of it has been felt, among other things that the donors and the RSIA development contributors have begun to reap investment in the last world. Second, the sumenep and its neighbors have had alternative in choosing the syariah - oriented health services.

Since March 2020, the Al amien prenudan Islamic hospital has continued its aspirations In developing quality health services by developing the second-floor RSIA building and to this day is being completed.

Al amien prenudan Islamic hospital as one of the private hospitals in Indonesia, it is expected to play a significant role in supporting government efforts to maintain public health, especially those living in the neighborhood of boarding schools al-amien prenduan.

Clinic

Al-Amien Prenduan Clinic as The First Resistant Post for Covid-19

The problem of Corona Virus Disease 2019 (Covid-19) is an infectious disease that affects to the human respiratory system and has been spread of Covid-19 has been rapid and up to now there is no medicine available to treat it. So, this disease has become a pandemic throughout the world. So in this case the Al Prenduan Clinic. This clinic is the front guard in preventing Covid-19 at the Al-Amien Prenduan Islamic Boarding School and the students community guardian and society Education, handling and prevention of Covid-19 at Al-Amien Prenduan Islamic Boarding School and the surrounding community are important things that must be prevented by the Clinic.

■ Pondok Tegal Al-Amien Prenduan

Make an Authentic Generation Faqqih Fid-Dien

In realizing multidimensional students, especially in the religious field, Al-Amien Tegal Islamic Boarding School formed a program oriented towards the yellow book "bald book" known as Pondok Cilik Al-Amien Tegal (PONCILA). This program was inaugurated by KH. Muhajri Musyhab Fatawi in 2013 AD, and progressing until today. Students who enter the PONCILA Program, are always provided with religious sciences based on the yellow book, both from Tool Science, (Nahwu & Shorrof), Inheritance Science (Faroid), Syi'iran Science (Arud), Ushul Fiqh, Hadith, and even the Tafseer of the Qur'an Al-Karim. These programs are specifically for young students or beginners (students who are still not familiar with the yellow book) but have a desire to learn the yellow book quickly and briefly. The education system is arranged in stages/levels (Fan) based on the ability of students with a teacher / ustadz as a guide. Students who pass the First Fan will move up to the second Fan and so on, which is marked with a GRADUATION mark.

With Ridho and Ma'unah Allah SWT. Small Al-Amien Tegal boarding school (PONCILA) can graduate its students every year successively from its establishment until now. Although during a pandemic, this year PONCILA has carried out the VII Poncila Graduation at Al-Amien Tegal Islamic Boarding School with various kinds of fans that have been taken by its students. Precisely on Sunday, 5 Dzul-Hijjah 1441

H. / 26 July 2020 M. Among the fans who graduated were; Knowledge of Nahwu and Shorrof with books (Nubdzatul Bayan), Knowledge of Faroid with books (Kholasatul Kalam and Rahbiyah), Knowledge of Arudl with books (Mukhtasor Syafi), and Knowledge of Balaghah with books (Qawa'idul Lughah & Jauhar Maknun).

In achieving such an achievement, of course, many processes cannot be separated from struggle and sacrifice. The students who are enrolled in the PONCILA program are always educated and busy with educational activities. One of them is Ubudiyah activity such as the obligatory Tahajjud Prayer and Dhuha as boarding school obligation, and education activities such as training speech and demonstrations as well as extra studies of the yellow book that involves Fiqh, Tasawwuf, and Muamalat, even Hadith and Tafsir. These all become supporters of accelerating mastering the procedure for reading the yellow book and as provisions for the students when they return to society later.

With this PONCILA Program, it is hoped that it will become an intermediary to realize mutafaqqih fid-dien (understanding religion well) students who will continue the struggle of the Messenger and Ulama' Allah SWT. And also realizing the ancestral dreams of the Al-Amien Tegal Islamic Boarding School, namely Li'izzil Islam Wal Muslimin

■ Pondok Putri I Al-Amien Prenduan

Towards Smart Boarding School 5.0; From Natural Wisdom to Digital Wisdom

We cannot dam up the flow of current tremendous information and communication revolution. The industrial revolution 4.0 seems to force us into an era of disruption in which everything is completely digital and internet, internet of things (IoT) and overwhelm of artificial intelligence (AI). Although at first this was true in the world of industry and business, but now it grips all aspects of life, including the world education and boarding school.

Therefore, the challenge of education and Islamic boarding schools is currently very tough in preparing the millennial generation of Qur'ani, ma'hadi, tarbawi and certainly in literation the latest technology. It takes new paradigms to create a pithy generation in innovation and intelligent one in action with getting guidance by divine guidance and Nabawi wisdom, as well as is able to look at everything wholly from any various perspectives. How to educate students amid

Pondok Putri I Al-Amien Prenduan ■■

of social media challenges today, such as Facebook, Twitter, YouTube, and Instagram, require all of us to tactfully respond all problems we deal with.

Wise or tactful in other context refers to human whom obtaining wisdom. Muhammad SAW is a prophet delegated to teach us Qur'an and its wisdom, then it is called as a holy book of wisdom (wal Qur'anil hakim). Besides, in the education process or religion prostylizing we are taught to educate people with wisdom (ud'u ila sabili rabbika bil hikmah). Those who are guided by its radiance have obtained a lot of kindness (khairon katsiron).

Wisdom is the accumulation of deep thoughts and sharp intellect, broad insight and flexible understanding, sensitive heart and wise with full consideration in all the things.

Natural wise creates national award

A wiseman says that results will never betray the process. In the past year, the wise attitude towards nature and environment at Al-Amien Women's 1 Islamic Boarding School had won National Adiwiyata Award successfully, presented for Islamis Senior High School Al-Amin.

It is a national admission that this institution has cared for nature and environment. The award had been obtained gradually from Regency level in 2016, Province level in 2017, National level in 2019 and it is expected that in the upcoming years will get Adiwiyata Mandiri and ASEAN Eco-School.

Digital Wise Is A Prerequisite for Generation-Z

Since the Academic Year of 2019-2020 it has been planed the use of digital learning and school digitalization management. All students are required to have a laptop and all teachers prepares for digital lessons delivered in google classroom. Likewise, all financial transactions are carried out digitally via an application on Smartphone. It is expected that all students will have the 21st century learning competence and adequately prepared the capacity of the boarding school towards Smart boarding school 5.0. Of course there are many things that we need to prepare both the management and the quality of boarding school humanity, they must be smart digital. Smart digital is not enough, it must be conducted with digital wisdom as the identity of the students generation-Z.

Broken Grows Lost Replaces and Momentum to Affirm TMI's Ideals

In an integrated Thursday gathering on January 21, 2021, the leaders and carers of the Al-Amien Prenduan Islamic Boarding School officially appointed and confirmed Dr. KH. Khozi Mubarak, M.A. as Caregiver Ma'had TMI Al-Amien Prenduan substitute for the late. KH. Zainullah Rois, Lc.

Regarding this stipulation and strengthening, the caretaker of the Al-Amien Prenduan Islamic Boarding School emphasized that anyone has the right to lead TMI, as long as he is truly qualified and understands the systems and sunnah that have been running since the founding of Ma'had TMI. Especially for those who already hold the title as TMI alumni themselves.

"Whoever the leader of TMI, he must be an alumni. Because they are part of the TMI family. Because after all, whoever wants to lead this TMI, he must understand very well with TMI. Starting from

its peculiarities, the sunnah, to knowing very well how (how to) maintain people's trust in this lodge, especially Ma'had TMI. " He was firmly greeted enthusiastically by the audience.

On the occasion of the inauguration ceremony, Director of TMI KH. Dr. Khozi Mubarak, M.A. also conveying messages and hopes to always prioritize oneself in service to continue TMI's ideals above personal ideals or interests.

"Therefore, if any of the teachers, asatidz, or lecturers at IDIA, for example, have ideals that are contrary to the ideals of our cottage, then (the person concerned) is a stowaway in this cabin. Everywhere, however, he (the stowaway) had to get out of this hut immediately. Because its presence will only make us (feel) dark. " He insisted.

This change of director is the best momentum to always maintain and continue all the achievements

■ Tarbiyatul Mu'allimien Al-Islamiyah

that have been done so far by (late) KH. Moh. Zainullah Rois, Lc, during his tenure. As we know, the development of TMI as a form of Islamic education is very rapid, both from the education system, human resources, to progress in fulfilling the field of facilities. All that has never been separated from the cold hands of one (late). KH. Moh. Zainullah Rois, in managing and developing TMI on significant improvements and developments to date.

Director of TMI, KH. Dr. Khozi Mubarak, M.A once expressed a statement in the Opening Tausiah of Examination. "During his leadership, (late). KH. Moh. Zainullah Rois, Lc has made a lot of big changes in the fields of facilities to development. The goal, of course, is not just boasting or boasting, one of the important goals is that the students can study well, can study comfortably, are not disturbed by lack of physical facilities, and so on. So one of the ways to keep his almsgiving continues to be a Jariyah is to study hard, making all the things he builds become an impetus for us to learn and live in a good way in this cottage. "

Building Renovation

This year there are two big targets for improving facilities at Ma'had TMI, namely the construction of the As-Syifa 'rayon and the construction of the Marhalah Aliyah Putri Building. As-Syifa is a part of the rayon or dormitory of the oldest students in the TMI complex. This branch holds a million-long history, a place where joy and sorrow were created with immeasurably valuable experiences. Rayon has become a place for the self-training of every student to become a person who has a strong personal character, is trained, and has a great spirit.

At that time, the As-Syifa rayon became one of the grandest rayons in TMI, because in the past the other rayons still had wooden roofs and plywood walls, when it rained, it was never separated from the visits of water that also entered between the roofs. leaking, soaking the entire room that should have been a place to lie down when tired.

So, this year, Rayon As-Syifa will go through a period of reorganization, without forgetting a series of charitable records of a philanthropist who once contributed fully to the establishment of this million story rayon. Just as wood that is still sturdy will continue to stand at any time, the walls that are still standing will continue to be properly maintained, so that in the next few months, As-Syifa Branch will show its

new face as a rayon. more representative.

With the hope that in this place, in the next few years, there will be many people who aspire to be noble and able to build a civilization armed with the perfection of faith, broad knowledge, and true deeds.

Next is the repair of the Marhalah Aliyah Putri building facilities. Thank God, the development of the Marhalah Aliyah Putri building has shown very satisfying progress to date, in which the building has adequate facilities as a place to study for students. The facilities in it include 27 classrooms, a teacher's office, a learning park, and a meeting hall. So far, the total cost spent in the construction process of the Marhalah Aliyah Putri Building is 5 billion.

Utilization of Vacant Land as a Learning and Sports Park

Facilities are one of the most important things in achieving educational goals. This year, improvements to the facilities, especially in Ma'had TMI Putra, were carried out by utilizing the empty land in the cottage as a learning and sports park.

Education that is in direct contact with nature is very good for the intellectual development of students, therefore TMI Al-Amien Prenduan initiated the concept of TMI Edupark, which has the feel of a beautiful, comfortable, and natural garden. It is very suitable to be a place for students to study with a green pesantren nuance.

The provision of learning facilities is carried out by building a rainbow substation as a representation of the most comfortable place for students to carry out their daily activities at the pesantren, especially in learning. With the concept of a green, clean and beautiful learning park, each student will spend a lot of their time studying and doing many activities in this place, such as scientific discussions to reading.

Besides, some time ago, TMI City (TMI City) was inaugurated, which is one of the creative results of TMI Putra students in utilizing used materials to become goods that can be used as the main material for the formation of TMI City (TMI City).

The concept that is carried out in the management of TMI City is to make the place an icon in the Ma'had TMI Putra area. Because it is in this place that all daily activities take place, both the activities of the teachers, students, and the board of the ISMI Organisasi, both of which are the main offices of the Central Executive Board (DPP), and the Santri Representative Council (DPS) centered in this area. Besides, the exis-

Tarbiyatul Mu'allimien Al-Islamiyah

tence of TMI City will become a symbol of the progress of the civilization of Ma'had TMI Putra students, that TMI students are portraits of people who are progressive and have the will to continue to survive in creativity with the abilities they have.

TMI Al-Amien Prenduan pays great attention to the development of the sports field by providing sports center facilities, or better known as the TMI Sport Center. This place is the center for TMI Putra students to develop their talents and interests, especially in sports.

There are several sports at the TMI Sport Center, including table tennis. Ma'had TMI caregiver cer-

tainly hopes that the table tennis sport facilities can be an opportunity for every student to learn and explore their abilities as best they can. TMI Sport Center is a forum for every santri to express their talents and interests in sports.

Not only that, but now archery at TMI Al-Amien is also being opened. This sport is one type of sport recommended by the Prophet, it can also train the focus points of students. The opening of the archery sport shows TMI's commitment to always live up to the traditions of the prophet, as well as forming quality individuals who have upright minds.

Ma'had Tahfidh Al-Amien Prenduan

Student Information System

Student information system of Tahfidz Alqur'an boarding school or can be called SANTA is a following up innovation to develop Tahfidz Al Qur'an Al-Amien Prenduan Boarding School.

Compatible application-based with Android devices provides many functions that consists of student basic data, student memorization and rolling data, academic data, financial data, violation and student achievement data, as well as a media to inform regularly boarding school activities.

As the office is placed on the first floor of male dormitory, this application is managed by a special team work to input pupil data every day. SISMTA is led by Mr. Moh. Multazam (Alumni of MTA'17) whom having duty to control and accumulate all data in MTA to be uploaded in SISMTA application. The data input includes Ketahfidzan BMTK data, violation data from all RITMA divisions, student achievement data, academic data, and student financial data. So that it is expected that this application is able to be an on-line service providing information to all students and their guardians, alumni, and all abituren of MTA Al-Amien. Prenduan.

Regarding to it, on Thursday, October 1st 2020, Ma'had Tahfidz Al Qur'an officially declared that the way of doing financial transaction has been changed on non-cash transactions, namely fingerprint. All students' finance no longer use cash transaction but use non-cash sourced by the MTA students' account. It is

carried out as an effort to make students easier do transaction in the boarding school, to maintain and control the daily student's finance, and to prevent the loss of money of each student.

The provisions implemented from October 1st, 2020 regarding to non-cash transactions are as follows:

1. Payment for boarding school contribution, food allowance, and other contributions are made by bank transfer to boarding school accounts 0939319816 (male) and 0939466124 (female) with BNI SYARIAH a / n MTA Al-Amien Prenduan. Administrative Officer (TU) cannot accept cash-transaction.
2. Every student's activity that requires paying operational costs (contributions, donations, charity, etc.) must use fingerprint or give to homeroom teacher.
3. Students' guardian are required to know the NIS of their sons and daughters before transferring money.
4. The students' guardian are required to fill in the last 4 digit of the nominal to be sent to the student account with the male or female student NIS number as follows: The nominal that you want to send is IDR 200,000 for the MTA-Putra account, you must write the nominal value like this IDR 20 ___ (input the last 4 digits of the student's NIS). Example: IDR201,234) pay attention to the 4 back

■ Ma'had Tahfidh Al-Amien Prenduan

- numbers.
5. Transactions with boarding school business units are carried out by using finger print scans (fingerprint scan) using a scanner and a computer in each business unit cottage.
 6. Students can check their respective account balances through student's ATM by scan the barcode on their ID Card.
 7. Students' guardian can control their children through the compatible SISMTA application at every android device by downloading it first on the Google Playstore application.
 8. For the student guardian who have an error in the transfer, they can immediately report to the Administration Male / Female so that they can process quickly by contacting +62853-2555-7020 (Male administrative office) and +62853-2555-7070 (female administrative office) for WA only.
 9. Operating hours of Administrative Office: After Dhuha-06.45 a.m and 19.00-20.00 p.m.

■ Ma'had Salafy

Salaf-Modern Collaboration

Ma'had Salafi is an institution under the auspices of the Al-Amien Prenduan Islamic Boarding School with a classical-based learning program. This is following the mission of the Pondok, namely to give birth to students who are *muttafaquh fiddin*. One of the efforts to achieve this mission, Ma'had Salafi always tries to survive in answering all the needs of the times to create the expected output of alumni. As has been done in the previous year, this year Ma'had Salafi still maintains the final students program like the one in Ma'had TMI. Among them are book reviews, clippings, Friday sermons, and others. With this, all students are expected to become qualified individuals. Several things are different this year, related to one of the implementations of the Nihai program, namely KKN. This year the Community Service Program was carried out in the cottage given the unresolved conditions of the Covid-19 pandemic. However, even though it continues to run inside the cottage, it does not reduce the existence of usefulness which is the main achievement of the KKN program. The major focus of this year's final students program is to prioritize programs that are needed in society, such as leading the reading of *Tahlil*, *Diba'*, and *Barzanjih*. "This program is a learning medium for the final students to prepare themselves before going directly to the community, because the events (programs) in it have been adapted to the daily life of the community such as congregational prayers and others," he said. Caregiver Ma'had Salafi, KH. Fauzi Rosul, Lc. With the holding of this final students program,

alumni of the Al-Amien III Islamic Boarding School (Al-Hikmah Kapedi) are expected to be able to unite the knowledge contained in the Salaf Book or what is often referred to as the yellow book with modern science so that it can become a very good combination and become a reference by the pesantren. big in Indonesia.

Education programs

- The study of the Book of Fathul Fathul Qarib, carried out every 20.00-21.00 WIB, under the guidance of Ust. Muhyiddin Shodiq, S.Pd.I.
- The study of the Ushfur Book, namely the recitation of wisdom stories which is carried out once a week on Monday at 04.45-05.30 WIB.
- The study of the Nashaijul Ibad Book once a week on Wednesday at 04.45-05.30 WIB, which is guided directly by the Head of Ma'had Salafi KH. Fauzi Rosul, Lc.
- The study of the Sahih Bukhari Book, which is a collection of sahih Hadiths that is carried out once a week on Thursday, at 04.45-05.30 WIB which is guided directly by Pengasuh Ma'had Salafi KH. Fauzi Rosul, Lc.
- Speech training in 2 languages which is held once a week on Tuesday night under the guidance of the asatidz.

Teacher and Student

Ma'had salafy has been around for 6 years. This year the number of teaching teachers is 6 teachers consisting of 3 people who may be in the pesantren environment.

Asatidz's educational background is undergraduate and non-graduate. Asatidz has 3 undergraduate degrees, with details of 2 undergraduate education (S.Pd.I) and 1 undergraduate from the University of Ummul Qura 'Mecca (Lc). Meanwhile, there were 3 non-graduates with details of 2 salaf Islamic boarding school alumni and 1 modern Islamic boarding school graduate. This year the number of our salaf huts is less than the number of santri in previous years. This year the number of our students was recorded as only 2 people who came from several areas on the side yard.

Management Structure and Formation

Director: KH. Fauzi Rosul, Lc., **Deputy for Academic Affairs:** K. Muhyidin Shodiq, S.Pd., **Deputy for Public Relations:** Ust. Najmi Faza, M.Pd., **Representative of the Department of Education:** Ust. Fawwaz, **Deputy for Facilities and Infrastructure:** Muhyidin Shodiq, S.Pd., **Secretary:** Ust. Fawwas, **Treasurer:** Ust. Muhyidin, S.Pd., **Homeroom teacher:** Ust. Fuadi

IDIA Prenduan as a Representative Campus

The Al-Amien Prenduan Dirosat Islamiyah Institute (IDIA) is a higher education institution under the auspices of the Al-Amien Prenduan Foundation. IDIA was initiated in 1980 which was then officially opened three years later (1983) by the Minister of Religion of the Republic of Indonesia Mr. Munawwir Syadzali, MA., Under the name Al-Amien Prenduan Islamic Boarding School (PTA).

In 1985 PTA Prenduan then changed to the Prenduan College of Da'wah Science (STIDA). In 1996, STIDA then changed to the Al-Amien Prenduan Islamic Religious College (STAI) by opening the Islamic Counseling Guidance Study Program (Da'wah), and Islamic Religious Education (Tarbiyah). Through a National Accreditation Board decree with a number. 019 / BAN-PT / Ak-IV / VIII / 2000, STAI Al-Amien Prenduan was declared accredited with a maximum score.

The development of higher education institutions continues to be carried out to truly create representative universities. So a team was formed to increase the institutional status of STAI to become an Institute. To realize this desire, in the 2001-2002 academic year, 3 new study programs were opened as a condition that must be fulfilled. Islamic Broadcasting Communication (Da'wah), Arabic Language Education (Tarbiyah), and Islamic Philosophy Aqidah (Ushuluddin). With 4 study programs in 3 faculties, STAI Al-Amien Prenduan then changed to the Prenduan Islamic Dirosat Institute (IDIA).

This year, IDIA Prenduan has entered its 38th year, its progress has continued to increase both status and quality as well as facilities and infrastructure. Currently, IDIA Prenduan has four faculties and seven study programs, namely; The Faculty of Da'wah which includes Islam Guidance and Counseling, and Islamic Broadcasting Communication; Tarbiyah Faculty which includes Islamic Religious Education, and Arabic Language Education; The Faculty of Ushuluddin which includes Aqidah of Islamic Philosophy, and Science of the Koran and Tafsir; as well as the Faculty of Economics and Islamic Business which includes Islamic Banking.

In its journey, IDIA Prenduan has collaborated with various parties consisting of several universities both domestic and foreign as well as other institutions both governmental and non-governmental institutions. This collaboration was carried out to support the future development of IDIA Prenduan.

This year, on December 13, 2020, Institut Dirosat Islamiyah Al-Amien (IDIA) Prenduan is the only university in Madura to receive the Appreciation Award for Islamic Diversity Higher Education (Adiktis) in 2020 with the nominees for the Smart Campus Start-up Service Innovation from the Ministry of Religion (Ministry of Religion) Republic of Indonesia. This achievement is proof that IDIA Prenduan has competitiveness and the potential to continue to develop for the better. Not only that, IDIA Prenduan has also taken steps to open undergraduate (Postgraduate) courses.

COOPERATION AND NETWORK DEVELOPMENT

1. Domestic Universities

- UIN Maulana Malik Ibrahim Malang
- Darussalam Gontor University, STAI As-Syukriyah Tangerang, Banten
